

OSRAM DULUX® EL FACILITY

Your benefits:

- Ideal for use in conjunction with automatic disconnection circuits and motion detectors and in stairwells
- Extra long average life of 15,000 hours*
- Can be switched on and off any number of times throughout its life
- Rapid increase in luminous flux after power-on thanks to QUICK START circuit
- Can be used for dc (176...310 V) applications without restrictions and in emergency systems
- For all domestic and commercial applications (e.g. hotels, restaurants, facility management) where energy-saving lamps frequently have to be switched on or off
- Now in 10 W, 14 W and 18 W versions

* Switching cycle 90 min on, 15 min off

OSRAM DULUX® EL FACILITY **NEW!** Energy-saving lamps

Can be switched on and off any number of times to meet professional demands.
